

LEASE & RENTAL MANAGEMENT

WGS for NetSuite is built specifically for Gas and Welding Supply Distributors by extending the world's #1 cloud-based business software suite - NetSuite. Get the scalability, accessibility, and flexibility of NetSuite without compromising on the unique features needed to support your business.

Key Benefits

- + Seamless integration with TrackAbout's asset tracking software so you can automatically update lease information and create rental invoices
- + Save time & prevent errors with automated invoicing of renewed leases
- + Streamlined financials with all invoice types managed in NetSuite

Highlighted Features

Easily track, manage, and renew leases by customer, branch, and sales rep

Generate invoices automatically when leases renew

Sell leases alongside cylinders and hard goods on the same order, and let the system start tracking them automatically

Efficiently and accurately track rental income with invoices automatically loaded from TrackAbout's asset management software

Automated Lease & Invoice Management

Activities Transactions Lists Reports Customization Documents Setup TA Integration Support

Lease Order Renewal
