

SUPPLY CHAIN MANAGEMENT

WGS for NetSuite is built specifically for Gas and Welding Supply Distributors by extending the world's #1 cloud-based business software suite - NetSuite. Get the scalability, accessibility, and flexibility of NetSuite without compromising on the unique features needed to support your business.

Key Benefits

- + Maintain flexibility with branch-specific and customer-specific pricing for cylinders and hard goods
- + Make smarter production decisions with demand-based pumping schedules
- + Simplified allocation of received goods to Branches and Sales Orders

Highlighted Features

Simplify purchasing decisions with an automated purchasing manager screen that:

- Factors in branch-specific restock levels and reorder points
- Updates minimum stock levels and reorder points on the fly
- Uses vendor-specific minimum purchase amounts and automated freight charges
- Batch creates Purchase Orders by vendor or branch
- Displays branch item availability

Streamline branch restocking by using the automated purchasing manager to create Branch Transfer Orders in bulk

Analytics When & Where You Need Them

Accurate costing and spillage tracking

Real-time cylinder and bulk usage data

Intelligent Purchase Orders

WGS for NetSuite can batch create Purchase Orders that automatically reference branch-specific restock levels and vendor-specific minimum orders, making purchasing efficient and effective.
