

ONLINE CUSTOMER PORTAL

WGS for NetSuite is built specifically for Gas and Welding Supply Distributors by extending the world's #1 cloud-based business software suite - NetSuite. Get the scalability, accessibility, and flexibility of NetSuite without compromising on the unique features needed to support your business.

Key Benefits

- + Build relationships and increase customer satisfaction by giving them tools to manage their business
- + Minimize phone calls and emails by allowing customers real-time access to their order, invoice, and cylinder information
- + Seamless integration with asset tracking software keeps cylinder balances accurate and visible
- + Customized security means your customers see the information you choose to make available

Highlighted Features

Unlimited free customer access licenses, with the entire portal operating on NetSuite's cloud service

Accelerate sales by allowing customers to enter orders online, while your sales team simply reviews and approves them

Reduce time to cash by accepting customer payments online

Easily allow customers to retrieve invoices and statements through their secure log-in

Secure Customer Access

Give customers access to what they need, including payment information and asset balances via NetSuite's secure cloud portal. Customer access licenses are free, so all of your customers can benefit immediately from **WGS for NetSuite**.

Custom Dashboards

Personalize customer dashboards to show their asset balances and other relevant information.
